BAHT Educator Points

BAHT Educator points can be accrued by lecturing on BAHT validated courses. Nine hours of lecturing on different topics will provide the therapists with the equivalent of

Accreditation of Prior Learning (APL)

APL is a process by which therapists can gain BAHT credit points based on evidence of their past learning

Level 1: 2 years experience in Hand Therapy will give 1 point at level 1

Level II: Each 2 points can be sought in 3 different specialist fields of hand therapy. Submissions will involve a portfolio to give evidence of prior learning supported by a long and a short case study.

Level III: 5 points can be sought with the submission of a portfolio to give evidence of prior learning, supported by a written paper. This can take the form of a review of pertinent literature, an employment based report or a research project.

The committee have written a **document** to assist BAHT members with accurate referencing utilising the Harvard method when they complete any case studies or written papers for their BAHT points. **Click Here (PDF)**.
