## Introduction & Rationale

The BAHT level III post graduate development process is designed for qualified Occupational Therapists and Physiotherapists with proven knowledge in the field of hand therapy who have successfully completed BAHT level I & BAHT level II, gained the required number of British Association of Hand Therapists (BAHT) points & are a member of the British Association of Hand Therapists (BAHT).

The learning outcome of level III & submitted for 5 BAHT accreditation points must be relevant to the Post-qualification Hand Therapy Education Programme of the British Association of Hand Therapists (BAHT). Level III promotes recognition of professional competence in a specialist aspect of hand therapy to improve the quality of patient care & foster evaluation, audit & research in hand therapy.

It is anticipated that therapists with five or more years of practice within the speciality of hand therapy will consider applying for Level III while pursuing the goal of Accredited Hand Therapist (AHT). This document provides a summary of the different routes available for therapists to gain BAHT level III points.

## British Association of Hand Therapists (BAHT)

### Accredited Hand Therapist (AHT) Route

To achieve the award, of Accredited Hand Therapist (AHT) clinicians need to have obtained 12 BAHT points. There are a range of different routes at BAHT Level I, Level II & Level III which clinicians can undertake to achieve the 12 BAHT points required for AHT – see table 1 below.

Please also refer to the British Association of Hand Therapists (BAHT) website, educational section.

## Post-qualification Hand Therapy Education Programme

### LEVEL I

The Level I Course is designed for therapists with minimal or no experience of hand injuries & conditions & for therapists who wish to refresh their basic knowledge of, & skills in, the field of hand therapy. It will promote recognition for professional competence & will improve the quality of patient care (BAHT Guidelines Level I Course). For therapists with more than 2 years' experience of hand therapy practice please refer to the Level I APL process (see BAHT level I guidelines).

**One Point is awarded for successful completion of the Level I process.**

### LEVEL II

The Level II Course/Process is designed for therapists with proven experience in the field of hand therapy who have successfully completed an accredited Level I Course or APL route (therapists who have at least 2 years' experience in hand therapy). Level II courses promote recognition for professional knowledge in a specialist aspect of hand therapy; improve the quality of hand care; & foster evaluation & research in hand therapy (BAHT Guidelines Level II Course). BAHT strive to support therapists who wish to increase their experience & knowledge in specialist areas of hand therapy & there are a range of other routes, other than attending a BAHT Level II course, for the acquisition of BAHT Level II points. Routes for BAHT Level II points include: submission of evidence of prior learning (APL), educators points, non-accredited MSc Modules. For the full range of routes available to gain BAHT Level II points please refer to the BAHT website education section &/or table 1 below.

**Two points are awarded per BAHT Level II course & for a range of other BAHT Level II Routes on successful completion (see table 1).**

**6 Level II points are required at BAHT Level II.**

**Each two points must be gained in a different specialist area of hand therapy.**

### LEVEL III

This level offers members of BAHT a challenging opportunity to demonstrate their advanced knowledge of hand therapy. Five BAHT points are awarded for successful completion of Level III. Level III points can be gained in a number of ways, see table 1 or refer to the BAHT Education Process on the BAHT website.

**Five Points are awarded for successful completion of the Level III process.**

The structure for education & training is set out in Table 1.

When candidates have achieved 12 points they can apply to the BAHT Education Sub-committee (ESC) for AHT (see Becoming an Accredited Hand Therapist on the BAHT website)

For ALL BAHT courses & routes see guidelines on the BAHT website - [The BAHT Education Process \(Route to AHT\)](#)

**Appendix 1 – Statement of Ownership / Plagiarism Statement**

**British Association of Hand Therapists  
Level III Statement of Ownership**

Plagiarism is intellectual theft & is a serious form of cheating. It is the act of presenting as one’s own, the ideas (including images & designs), discoveries or judgements of another person. To copy extracts without full acknowledgement (whatever the medium in which the text or image is stored), from someone else’s work & to thereby convey the impression that they are one’s own is plagiarism. So is the paraphrasing – restating in one’s own words – of someone else’s ideas without full acknowledgement. We all utilise the ideas of others; we have a most serious obligation to acknowledge them meticulously.
