WHO CAN HELP?

Research Design Service

[Home](#)[Support options](#)[Funding](#)[Public involvement](#)[News](#)

Research by design

The National Institute for Health Research (NIHR) funds the Research Design Service (RDS) to provide design and methodological support to health and social care researchers across England to develop grant applications to the NIHR and other national peer-reviewed funding programmes. RDS advisers in bases across England offer a unique breadth of experience and a proven track record in improving research applications. Advice is confidential and free of charge.

TOP TIPS:
GETTING YOUR RESEARCH
FUNDED

TOP TIPS

1. Promote your research area
2. Involve patient groups
3. MDT collaboration
4. Speak to people who have already have funding
5. Tailor your funding application to the funder
