

## EUROPEAN FEDERATION OF SOCIETIES FOR HAND THERAPY

### Message from the EFSHT-Congress Organizing Committee

Dear colleagues and friends

To our greatest regret, we have to cancel the face-to-face FESSH-EFSHT-Congress 2020 in Basel. The current pandemic situation does not allow us to go on, as too many uncertainties and constraints such as travelling restrictions and physical distancing would make attending the congress a tedious, if not impossible, experience.

Nevertheless, we still wish to offer you the possibility to attend the congress and to benefit from the many interesting symposia our session organizers have put together. We are therefore preparing a web-based congress at the same dates (Sept. 1-4, 2020), with sessions in the late afternoons, enabling you to work and still take part in the congress and be inspired by new ideas and concepts.

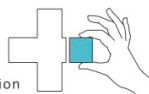

We will provide more information, as well as a detailed program, in the next few weeks.

We are looking forward to share this new experience with you, and very much hope to greet you virtually in September!

In the meantime, stay safe and healthy!  
Best wishes
